INDEX

VOLUME X, Nos. 1—12 (SEPTEMBER, 1959—AUGUST, 1960)

PAGE

A

ABNORMALITIES, dental, taurodontism associated with - - - - - - - - 202
— of facial skeleton, surgical treatment of - - 170
— occlusal, relationship between speech, tongue behaviour, and - - - - - **11**
Abscess, apical, conservation of post crowned incisors with - - - - - 54
Abstracts 5, 13, 15, 18, 35, 38, 42, 52, 58, 86, 93, 121, 122, 128, 136, 152, 157, 167, 168, 180, 186, 195, 205, 209, 212, 221, 229, 233, 234, 245, 256, **33, 46, 58, 69, 82, 92, 94, 97, 99, 114, 122, 130, 154**
Adams cribs, fracture of - - - - - 224
Adrenaline—its role in local anæsthetic solutions for dentistry - - - - - 2
Aglossia, partial, congenital - - - **83**
Amalgam, cervical, its restoration and failure - 158
— relationship of, to cavity wall, - - - 76
American Dental Society of Europe: Eliminating the guesswork, uncertainty, and worry in the mixing of dental cements, 39; Natural tooth placement and base contour in full denture construction, 6
Anæsthesia, local, of mandibular molar teeth - 36
— premedication and - - - - 100
Anæsthetic solutions, local, adrenaline in - - 2
Analysis, cephalometric, centres of gravity in - 107
— of the commonest causes of full denture failure - 61
ANGELMAN, J.: Clasp stabilizer for removable appliances - - - - - - 116
— — The lateral arm in removable appliance therapy - - - - - **95**
Angle Class II, division 1 malocclusion, complicated by gross overcrowding - - - **29**
— of mouth in Bell's palsy, device to support - 14
Anteroposterior expansion of mandibular arch, modified 0·7 mm. lingual arch for - - **88**
Apical abscess, conservation of post crowned incisors with - - - - - 54
Appliance, removable, clasp stabilizer for - - 116
— screw and hinge - - - - 161
— technique, aids to - - - - **93**
— therapy, removable, lateral arm in - - **95**

PAGE

Arch, Johnson twin wire, uses and modifications of **34**
— mandibular, modified 0·7 mm. lingual arch for anteroposterior expansion of - - **88**
ATHERTON, J. D.: A simple spring for buccal movement of palatally displaced teeth - 106
